The calculation of the basic and diluted earnings/(loss) per share attributable to the owners of the Company is based on the following data:

(b) Diluted

For the years ended 31 March 2017 and 2016, diluted earnings/(loss) per share from continuing and discontinued operation and from continuing operation is the same as the basic earnings/(loss) per share as the computation of diluted earnings/(loss) per share does not assume the exercise of the convertible note, convertible preference shares and the Company's share options, since their conversion and exercise would result in an anti-dilutive effect on earnings/(loss) per share during the years ended 31 March 2017 and 2016.

For the year ended 31 March 2017, diluted earnings per share from discontinued operation is calculated by dividing the Group's profit attributable to the owners of the Company by the weighted average number of ordinary shares outstanding after adjustment for the potential dilutive effect in respective of the potential ordinary shares to be issued on convertible notes outstanding and convertible preference shares during the year. For the year ended 31 March 2017, diluted earnings per share is HK2.21 cents. For the year ended 31 March 2016, diluted loss per share from discontinued operation is the same as the basic loss per share as the computation of diluted loss per share does not assume the exercise of the convertible note, convertible preference shares and the Company's share options, since their conversion and exercise would result in an anti-dilutive effect on loss per share during the year ended 31 March 2016.

(III) THE SECTION HEADED “DISCONTINUED OPERATION”

on page 23 of the Announcement should be corrected as follows:

Earnings/(loss) per share attributable to owners of the Company

– Diluted (HK cents per share)	2.21	(1.09)
